Because of the danger of explosion Hamburg forbids manufacturers to keep much wool waste on hand unless they have special buildings for it, requiring them to keep it in a municipal storehouse.

Financial and Commercial

Stocks and Bonds

New York, Feb. 5.—The trend of the stock market was toward a lower range, but the movement was hesitating and the average change small. The market has come almost to a standstill. The street awaits developments in connection with the petition of the eastern railroads for higher freight rates, the Mexican situation and steps toward anti-trust legislation.

Improvement in the investment market has been such that some of the principal railroads are expected soon to enter the market for new capital. It was reported today that Southern Pacific would put out an issue of \$20,000,000 convertibles. Although this report met with denial, it was learned that the directors were contemplating some such action in the near future.

The bond market moved uncertainly, with a preponderance of slight gains. Total sales, par value, \$4,415,000. United States registered advanced 1-8; Panama 3s 1-2 and Panama 3s registered 1-4 on call. United States 3s coupon declined 1-4. Total sales were \$44,500 shares.

New York Cotton

New York, Feb. 5.—A heavy selling movement sent nearly all the old crop months into new low ground for the season in today's cotton market. Business was active and the market was nervous and unsettled during the entire day, with the close barely steady at a net decline of 14 to 23 points on the old crop, and of 10 points on new crop months. May contracts broke to 11.55 or 7 points under the low level reached early last month.

Notwithstanding the "free selling" of March, that position was relatively firm, increasing its premium over May to about 30 points in the late trading. New crop positions were relatively quiet and steady and some of the brokers who were selling May and July were credited with buying October.

Table with 2 columns: Month, Price. Includes February, March, May, August, October.

New Orleans Cotton

New Orleans, Feb. 5.—The cotton market today had an easy undercurrent and fell off nearly a dollar a bale on the most active months. Profit taking by the short side was the main support. At the lowest of the day the old crops were 16 to 19 points under yesterday's last quotations. October was eleven points under. The close was barely steady at a net decline of nine to seventeen points.

Selling in the early part of the session was due to the lack of change in spot differences in the New York market after the meeting yesterday. Selling was delayed later by predictions of bearish week-end statistics as the result of large movement into sight and expected small takings.

Spot cotton quiet, middling uplands, 12.65; gulf, 12.90. No sales.

Table with 2 columns: Month, Price. Includes February, March, May, August, October.

Liverpool Cotton

Liverpool, Feb. 5.—Cotton—Spot good business done, prices unchanged; good middling, 1.37s. Sales, 5,000, including 7,000 American. Receipts, 15,000, including 1,300 American. Futures closed today.

Table with 2 columns: Month, Price. Includes Feb-March, March-April, June-July, Sept-Oct, Oct-Nov, Nov-Dec.

Cotton Goods

New York, Feb. 5.—Cotton goods markets were quiet today with only a moderate amount of business being done. Buyers were unwilling to pay full prices save on spot deliveries. Raw silk sold more actively. Domestic broadcloths were opened for full at prices from 10 to 25 cents a yard below the figures of last year.

Cotton Seed Oil

New York, Feb. 5.—Cotton seed oil today was slightly higher early, with bid; but the list turned easy towards the close under scattered selling for outside long account, prompted by the weakness in cotton, late setback in lard and lack of bull support. Prime prices were unchanged to 2 points lower. Sales, 4,700 barrels. Prime at 5.85 to 6.00; prime summer yellow spot, 5.70.

Money Market

New York, Feb. 5.—Call money steady, 1-4 to 2 per cent; ruling rate, 1-4; closing 1-4 to 1-4. Time 10-15 steady; six months, 1-4; ninety days, 1-4 to 1-4. Six months, 1-4 to 1-4. Sterling exchange steady, sixty day, 11.84; demand, 4.85.95. Commercial bills, 4.85. Bar silver, 57 3-8. Mexican dollars, 15. Government bonds irregular; railroad bonds firmer.

Chicago Grain and Provisions

Chicago, Feb. 5.—Uncasiness over scattering reports of cold wave damage in Kansas had a bullish effect today on wheat. In the end, however, the market was easy at a gain of 1-8 to 1-4 net. In both corn and oats the outcome was an advance of 1-8 to 1-4 to 1-4, compared with last night. Provisions finished unchanged to 12 1-2 pp.

Table with 3 columns: Commodity, Open, Close. Includes WHEAT, COFFEE, OATS, LARD, RIBS, PORK.

Table with 3 columns: Commodity, Open, Close. Includes WHEAT, COFFEE, OATS, LARD, RIBS, PORK.

ABBEVILLE NEWS

One of the prettiest receptions of the season was the one given by Mrs. W. Wideman Bradley on Tuesday the 4th in honor of Mrs. Walter Tucker of New York. Mrs. Bradley is a very delightful hostess and on this occasion was assisted by several of the most popular young matrons. The affair was beautiful in its decoration of spring flowers.

The Bridge Club met Friday, the 30th with Mrs. W. M. Barrowell. Mr. and Mrs. C. D. Brown entertained delightfully at a "set-back" party on Thursday evening, January 29th. The occasion was the birthday celebration of the hostess and was enjoyed by about fifty friends.

Mr. and Mrs. Walter Tucker of New York, Mrs. W. W. Bradley, Mr. L. C. Parker and Dr. W. G. Harper spent Sunday in Anderson with relatives.

Mrs. and Mrs. George Lomar have returned from their wedding trip. Mrs. Lewis Perrin is at home again having spent a week in Greenville with her relatives.

Mrs. Annie Wardlaw is visiting in Columbia. Mrs. Edith Rosenberg and Mr. Albert Rosenberg, are visiting Mrs. Louis Levi in Manning. Friends of Mrs. P. E. Harrison will regret to learn that her uncle, Mr. W. H. Ingram was one of the passengers in the wreck of the Alamo on Friday.

Mrs. E. D. Kerr, nee Miss Helen White, of Newberry, expects to come over next week for the spring opening at Haddon and Wilson's. She will visit her mother, Mrs. L. W. White.

Grandma's Recipe of Sage Tea and Sulphur Dressing so Naturally That Nobody Can Tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded brings back the natural color and streaked or gray hair emits dandruff, lustre to the hair when faded, itching scalp and stops falling hair. Keats says the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Keats' Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't say "I try it!" No one can possibly tell that you darkened your hair, as it does not naturally and evenly. Yet dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by moving the gray hair disappears, and after another application or two, your hair becomes luxuriantly dark, thick and glossy.

WEST PELZER RALLY

The agricultural and educational rally, comprised of lectures by representatives from the United States Department of Agriculture, State Agent W. W. Long, a representative from Clemson College and Anderson county Agent J. W. Rothrock, will be held at West Pelzer school building on Tuesday, February 10, 1914 at 11 a. m. Luncheon grounds for the day will be largely devoted to the rally, being well fitted baskets. Farmers, families, politicians, and all others are cordially invited to take advantage of this opportunity to learn the best methods of obtaining certain results. Only speakers may be obtained which will add to the interest of the occasion. West Pelzer school is one of the five or six Anderson county farm demonstration schools.

The law placing a prohibitive tax upon manufacturers and sale in the United States of matches containing white phosphorus becomes effective July 1.

General Passenger Agent Greenville, S. C. Reduced Round Trip Fares from Anderson, S. C. \$12.75 Richmond, Va. \$15.00 Mobile, Ala. \$19.25 New Orleans, La. Tickets on sale Feb. 21, 22, and 23rd, with return limit March 6th 1914.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble—Take Glass of Salts.

No man or woman who eats meat regularly can make a mistake by pushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, and urinary disorders, come from sluggish kidneys.

The moment you feel a dull headache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular in passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

BYRNES SEEKS CAMP IN STATE

Presents Claims of Aiken as Site for Proposed Divisional Maneuvers.

Washington, Feb. 5.—Congressman Byrnes today called to see General Mills, chief of the division of military affairs of the war department, relative to the encampment of troops of the Ninth division at some point in South Carolina. Mr. Byrnes desires to secure the encampment for Aiken in South Carolina, and so old General Mills. The latter when asked how far the matter had progressed stated that as yet plans are only in a tentative shape and that nothing has been agreed upon. They are two contingencies, General Mills informed Mr. Byrnes, and these are that congress must appropriate a sufficient amount of money for the purpose in hand and the State of South Carolina. If the plan is carried through by congress, must also put up a certain sum of money. Mr. Byrnes secured little definite information because the proposition has yet advanced but little.

SOME FACTS ABOUT HOOP WORM

The prevalence of this disease in the southern states was discovered by Dr. Stiles in 1902. Work for the eradication was first begun in 1910 and is now being carried on throughout the south. Over 500,000 persons have been treated; 50,000 having been treated in South Carolina. The work has been carried on in every county except Charleston, Kernshaw and Saluda. Of all the persons examined microscopically, over 30 per cent were infected; of children living in rural districts, over 40 per cent were infected. In fully half of these cases, the infected person appeared healthy. This disease is not hard to cure, but it requires several doses of medicine. The youngest person treated was one year of age; the oldest was ninety-four. Wherever soil pollution is practiced, the disease is certain to prevail.

Will these facts suffice to make our people do their utmost to make their premises sanitary?

THE "PRUDENT MAN"

It is absolutely FOLLY for a man who intends to marry or who has a WIFE and CHILDREN directly dependent upon HIM not to save a part of his income from his earnings for his family. A bank account is like a ball of snow; it will melt away unless you ADD to it. The habit of constantly INCREASING the bank account to their credit will make any man or woman RICH. Make OUR BANK YOUR BANK. We pay 4 per cent interest quarterly. PEOPLES BANK, Anderson, S. C.

The Citizens National Bank has made a remarkable increase in its business during the past year.

There is a reason for this, try us with a portion of your business now—later you will give us all. We Pay Interest on Savings. J. H. Anderson, Pres. J. E. Shumate, Cash.

The Farmers and Merchants Bank and The Farmers Loan and Trust Co. Whose combined resources are a little the size of One Million Dollars are taking on more new accounts every day than ever before. THERE MUST BE A REASON. Small deposits and small loans are especially desired and are especially appreciated and receive special attention. Interest paid on deposits.

THE FARMERS AND MERCHANTS BANK AND THE FARMERS LOAN AND TRUST CO. WILLIS & SPEARMAN—Music House—Bleckley Bldg. Anderson, S. C.

Because of the danger of explosion Hamburg forbids manufacturers to keep much wool waste on hand unless they have special buildings for it, requiring them to keep it in a municipal storehouse.

Rich gold fields were recently discovered in the Russian district of Anoder.
